

## **Update as of June 4, 2020**

The borders of Saint Lucia officially opened to international travelers on June 4, 2020 as part of Phase One of the responsible reopening plan. The Saint Lucian Government, through its Ministry of Health and Ministry of Tourism, along with Saint Lucia Air and Sea Ports Authority (SLASPA), private tourism businesses and local citizens are preparing to welcome international travelers. Saint Lucia is utilizing this time to refine the services available to provide the most enjoyable Phase One visitor experience. This includes running simulations to ensure that visitors and local residents will receive the highest level of protection and visitor experience standards at every step of their journey – from safely viewing the majestic Pitons to relaxing at beaches and hotels.

**Flights:** Our borders are open to all regional and international flights, and for travelers who meet the entry requirements. Most major airlines that provided service prior to the COVID-19 border closing have indicated dates in July for resuming service. This includes carriers in the U.S., Canada and the U.K. Travelers are advised to check with their carriers and travel advisors regarding availability, as schedules are subject to change.

**Entry Requirements:** [Per the May 18, 2020](#) announcement detailing new safety protocols, visitors must present proof of a negative COVID-19 PCR test within 48-hours of boarding their flight and must be confirmed at COVID-19 certified accommodation properties. In response to the unprecedented and ever-changing nature of the COVID-19 pandemic – and as the destination prepares for the resumption of international air service – Saint Lucia is committed to continuously evaluating all safety protocols for incoming travelers. Saint Lucia is monitoring global advancements on the availability of World Health Organization-approved tests – and will evaluate changing market conditions to adjust protocols, while keeping a prominent focus on public safety.

**Hotels:** As hotels and resorts receive approval to welcome guests, a list of those hotels can be found on this page as information becomes available. As a safety measure, all properties must meet specific criteria for sanitization, physical distancing and other COVID-19 protocols before they receive COVID-19 Certification required by the Ministry of Health and Ministry of Tourism.

**Activities:** In the meantime, our hotels, tour operators and attractions are working to maximize options for visitor enjoyment in Phase One. While local activities will be available in a limited capacity, emphasis is being placed on both offering visitors some of the safest activities that make Saint Lucia so special. Water-based coastline tours, such as socially distanced boat cruises with views of our famous Piton mountains, are one of the featured experiences scheduled to be available for visitors in Phase One. In addition, hotels will

bring authentic Saint Lucia-inspired activities for visitors to enjoy at their hotel property. Registered hotels and travel providers will work with visitors directly to arrange off-site activities where available.

Please continue to check this page for updates about visiting Saint Lucia. Be well and we look forward to seeing you soon, when we can once again Let Her Inspire You!
